Beginner students will not have a performance the first and third nine weeks, and therefore, no Performance Grade portion of the overall band grade those grading periods. Beginning band grades for the first and third nine weeks will be based on the Daily Grade and Written/Playing Test categories.

I have read and understand that my child will be participating in the performances and fund raising activity of the Clay-Chalkville Band Program listed on the calendar provided. I also understand that a parent or guardian will need to attend one of the instrument nights.
